

'We learn, explore, challenge and respect; sharing Christ's love through all that we do'

Headteacher's Message: Welcome back and Happy Easter! Thank you to the children for a lovely, settled start to the Summer Term. We are all looking forward to the exciting events coming up over the next few weeks - lots to learn, experience and treasure. As always, I thank you for your continued support of our school, our children and our parish.

May Procession Day: On Sunday 19th May, the annual St Vincent's May Procession will take place at 2:30pm in St Vincent's RC Church. The children from our school/parish will process with a statue of Our Lady around the grounds, ending with a crowning of Our Lady in the church. If your child would like to take part please return the recent letter to the school office **no later than Wednesday 8th May**. All information/queries will be addressed on this letter.

Year 1 will be learning about contrasting environments, we will be focusing on meerkats and polar bears and their differences/similarities. We will be very busy in maths (time and money) and will be painting in the style of Vincent Van Gogh.

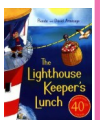

Year 3 children will learn how to care for planet earth the best we can, responsibly explore God's wonderful world, challenge ourselves to find solutions to environmental problems and respect all living things. We will have a whole day 'junk-modelling' workshop based upon Ted Hughes' text 'The Iron Man' with a local artist as well as a visit from the local business owner of 'The Eco-shed' in Hull to launch a school eco-bricks project! Year Three will also be busy fundraising to help contribute to the costs of running these projects.

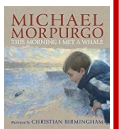

During the Summer Term we anticipate warm temperatures and lots of sunshine. If the weather is going to be very sunny, please apply cream to your child's skin before the school day. Alternatively, your child may bring in sun cream but this must be applied to themselves and kept away safely in their bag in the cloakrooms. Also, you may want to provide your child with a cap to wear outdoors at break/lunch times.

Our topic this term for **Year 2** is 'Beside the Seaside'. In Literacy, we will be enjoying the wonderful story 'The Lighthouse Keeper's Lunch'. We will also be visiting Withernsea on Wednesday 19th June.

Year 4: 'How does a river work?' A major part of this will be our trip to ABP to have a look around one of our P&O ferries, as well as exploring the types of work which happen on Hull's docks. In Science, children will be looking at the Water Cycle. In Maths, the main topic is decimals, as well as continuing to learn our multiplication tables. We will be reading Michael Morpurgo's 'This Morning I Met a Whale' and completing Text Time activities about the book, which links well with our topic.

This term the **Year 5** will be learning about space in their new topic, 'In a galaxy far, far away'.

Year 6 have been working hard in preparation for our upcoming SATS and enjoying lots of learning following our London Trip. We are looking forward to an action-packed Summer Term!

Dates for your diary...

Friday 3rd May—Non-Uniform Day & Bake Sale
(£1 requested for no uniform)

Monday 6th May—May Day

Friday 10th May—School Photographs

Monday 13th May—SATS Week
